> [Visit product online](#)

Features

- For Linea products with 84mm mounting clip
- Suited for 6mm thick plasterboard walls
- Durable metal construction
- Size: 48mm x 102mm

Overview

The HPM Mounting Clip is compatible with the HPM Linea range, featuring standard 84mm mounting centers. Its dimensions are 48mm x 102mm, with 2 hooks designed to fit 10mm plasterboard. Made from durable material, it requires a 50mm x 70mm cut-out for installation. Thanks to the 6 pre-drilled holes, installation is quick and easy. This mounting clip is an essential tool for any toolkit.
