- Protective finish to help withstand damage
- 1050J very high surge protection with indicator. Prevents damage to connected devices from power inconsistencies.

User Recommendations

- Maximum clamping voltage: 775V @ 50A

Overview

This rugged, extra-safe HPM Plug Boss Powerboard is perfect for tough environments like workshops with power tools, diagnostic equipment and chargers. It protects against surges by limiting appliance voltage. Ideal for serious makers, it features quality RCD protection to prevent electrocution from faults, spring-loaded covers on outlets to prevent dust build-up and a long lead length for flexible positioning.
