Features

- The light or exhaust fan can be used separately or together providing convenience and energy efficiency
- Stylish slimline design and super low profile fascia for a modern look
- Impeller housing and turbo fan blade design provides powerful airflow extraction
- Integrated LED 4000K Cool White Light, 1190 lumens
- Frosted full-width diffuser for excellent light distribution

Overview

Maximise your comfort by minimising the impact of steam, fumes and unpleasant odours created from inside the home with this ceiling exhaust fan designed by HPM! Providing a light source and an exhaust fan in one compact unit, it is ideal for usage in bathrooms and laundries that are prone to moisture or odours.

Quality You Can Trust

Installation

- Enjoy effortless installation with our exhaust fan. The quick mount swivel clip allows for easy ceiling attachment to plaster, while the provided round hole cut-out template simplifies the process. Additionally, detachable clips and a side panel make cleaning a breeze, ensuring your fan remains efficient and hygienic

Convenient Functionality

- Enjoy fresh air and bright light with our dual-function exhaust fan, perfect for bathrooms and kitchens

Unique Characteristics

- Wide vents efficiently remove unwanted moist air to prevent mould in bathrooms and laundries, while a draft stopper reduces energy transfer by preventing hot or cold air from entering or escaping
