HPM

HPM 4-22W Universal Fluorescent Starter

REF. F20 | EAN. 9321001076889

1 Year Warranty

> [Visit product online](#)

Features

- Suitable for use with 20W (600mm tube) twin series fittings
- Easy replacement by inserting starter and twisting clockwise to lock in place
- Ensure starter is fully rotated clockwise and tube 'clicks' into position
- For 40W conventional circuits use HPM DF40 starters

Overview

This HPM Universal Fluorescent Starter is a reliable replacement for your fluorescent twin series fittings. Designed for twin series fittings, it ensures uninterrupted operation by working seamlessly with the ballast, tubes and other components to start and sustain the light discharge process. Ideal for maintaining efficient lighting in residential and commercial settings.
