## Features

- Protection from electrocution
- 2m lead
- IP66 Rated
- Portable Switch
- The tradesman's choice

## Overview

This HPM Heavy Duty Extension Lead is essential for indoor and outdoor use. With a plug and socket connected by a 2m lead, it monitors current flow and cuts off power within 30 milliseconds if an imbalance is detected, reducing electrocution risk. Ideal for electric tools on work sites or at home, the heavy-duty switch ensures safety in wet conditions or where leads may be damaged.
