> [Visit product online](#)

Features

- Integrated dimmable driver compatible with trailing edge dimmers
- IP44 rated, suitable for outdoor undercover areas
- High quality flame retardant plastic construction
- Flush mount diffuser for a seamless look
- Screw-less terminal cover for easy, hard-wired connection

Overview

The functional and new design of the downlights adds a touch of difference to contemporary lighting. The flush face downlight allows a seamless integration into ceilings all around the house, and features a colour changing selector on the back to change light from Warm white, Natural white and cool white.

Quality You Can Trust

Installation

- 1m flex cord and plug for quick and easy installation

Convenient Functionality

- Light Colour Selector: Easily switch between Warm (3,000K), Cool (4,000K) and Natural (5,000K) light colour temperatures
